## Self-evaluation Summary - 2020

	<b>FISO Improvement Model Dimensions</b> The 6 High-impact Improvement Initiatives are highlighted below in red.	<b>Self-evaluation Level</b>
<b>Excellence in teaching and learning</b>	Building practice excellence	Evolving moving towards Embedding
	Curriculum planning and assessment	Embedding
	Evidence-based high-impact teaching strategies	Evolving moving towards Embedding
	Evaluating impact on learning	Embedding
<b>Professional leadership</b>	Building leadership teams	Evolving moving towards Embedding
	Instructional and shared leadership	Embedding
	Strategic resource management	Embedding
	Vision, values and culture	Embedding

Positive climate for learning	Empowering students and building school pride	Embedding moving towards Excelling
	Setting expectations and promoting inclusion	Embedding
	Health and wellbeing	Evolving moving towards Embedding
	Intellectual engagement and self-awareness	Evolving moving towards Embedding

Community engagement in learning	Building communities	Evolving moving towards Embedding
	Global citizenship	Evolving moving towards Embedding
	Networks with schools, services and agencies	Embedding moving towards Excelling
	Parents and carers as partners	Evolving moving towards Embedding

<b>Enter your reflective comments</b>	<p>The 2019 self evaluation process was completed with input by all staff and finalized by the review panel on the final panel day in Term 2. This evaluation highlighted the school's strengths in; building strong connections to our community for students, parent and teachers; providing excellent transitions for Grade 6 students into the school and in building a culture that celebrated its diversity and encouraged school pride.</p> <p>The Reviewer identified the "House system" and the PLT structure as key enablers in improving both student learning and the quality of teaching across the school. The panel acknowledged the progress we had made in increasing learning growth, particularly in reading and the significant reduction in student absence.</p> <p>The Review process highlighted the following areas for improvement:</p> <ul style="list-style-type: none"> <li>* Although, there was evidence of strong cohesion and alignment within the leadership team, not all teachers understood their role in school improvement, could articulate how initiatives linked together or how they translated into practice in the classroom.</li> <li>* The quality of teaching practice was inconsistent and although "pockets of excellence" were observed in a number of Houses, the Design for Learning (instructional model) was not implemented with integrity across the school. Some lessons observed were largely teacher directed and not all students had agency in their learning.</li> </ul>
---------------------------------------	--

	<p>* The current Professional Learning suite did provide opportunities for high quality teacher development, however, this needed to be further personalized and targeted, with clear links to each PDP to build accountability. More time needed to be provided to Domain sessions to increase content pedagogical knowledge and for teaching teams to plan collaboratively for student learning. Teachers also needed regular feedback on their practice.</p> <p>* A review of Senior Studies provision was a priority to ensure all students have an appropriate pathway and achieve success in their learning.</p>
<p><b>Considerations for 2020</b></p>	<p>In the first year of the new Strategic Plan, the following key learning from both the 2019 Review Process and the evaluation of the 2019 AIP, will guide our decision making:</p> <ul style="list-style-type: none"> <li>• That every staff member understands both the strategic direction of the school and what their role is in school improvement. There is cohesion and alignment in what we are trying to achieve and what success looks like.</li> <li>• There is a shared definition across the school of what “high quality” practice looks like in action and our improvement focus centers on student learning in the classroom.</li> <li>• Teacher professional learning is differentiated, personalized and targets individual need. Teachers are provided time to work collaboratively to plan for student learning, put the strategies they are developing into practice and receive regular feedback of their teaching.</li> <li>• We narrow our focus to “doing a few things well” and accept the power of incremental change. All staff are clear of what their focus is and what their accountability is. They are clear of who they can go to within the leadership team if they require support. All leadership teams are aware of what their responsibilities for the work are and how each component links together. Everyone understands “how the pieces fit” and receives regular updates on our progress.</li> <li>• There is greater integrity in implementation of improvement initiatives across the school.</li> <li>• We use data and evidence more effectively to monitor and evaluate our impact as leaders and teachers on student learning.</li> <li>• School leaders are highly visible across the school, observing learning in classrooms and providing feedback to teachers.</li> </ul>

## SSP Goals Targets and KIS

<b>Goal 1</b>	Improve learning growth and achievement for all students
<b>Target 1.1</b>	<ul style="list-style-type: none"> <li>By 2023, increase the percentage of students in Year 9 achieving at or above benchmark growth in Reading (78% - 85%), Writing (69% - 80%) and Numeracy (71% - 80%).</li> </ul>
<b>Target 1.2</b>	<ul style="list-style-type: none"> <li>By 2023, increase the median VCE study score from 24 (2018) to 28.</li> </ul>
<b>Target 1.3</b>	<ul style="list-style-type: none"> <li>By 2023, increase the percentage of positive responses in the School Climate survey in “Collective Efficacy”, from 41% (2019) to 65% and in “Guaranteed and Viable Curriculum”, from 39% (2019) to 71%.</li> </ul>
<b>Key Improvement Strategy 1.a</b> Building practice excellence	Build consistency in high-quality teaching practice
<b>Key Improvement Strategy 1.b</b> Evaluating impact on learning	Strengthen staff capabilities to effectively use data for continuous improvement
<b>Key Improvement Strategy 1.c</b> Instructional and shared leadership	Build school-wide collective responsibility for improved student outcomes
<b>Goal 2</b>	Empower all students as active agents in their learning

<b>Target 2.1</b>	<ul style="list-style-type: none"> <li>By 2023, increase the percentage of positive responses in the Attitudes to School Survey in “Student Voice and Agency”, from 42% (2019) to 66% in Years 7 - 9 and 47% (2019) to 71% in Years 10-12.</li> </ul>
<b>Target 2.2</b>	<ul style="list-style-type: none"> <li>By 2023, increase the percentage of positive responses in the School Climate survey in “Trust for Students and Parents”, from 37% (2019) to 61% and "Teacher Collaboration", from 42% (2019) to 66%.</li> </ul>
<b>Target 2.3</b>	<ul style="list-style-type: none"> <li>By 2023, reduce the average number of student absence days from 19.5 (2018) to 17.</li> </ul>
<b>Key Improvement Strategy 2.a</b> Empowering students and building school pride	Develop student voice and agency
<b>Key Improvement Strategy 2.b</b> Intellectual engagement and self-awareness	Build staff capability to inspire students to direct their own learning
<b>Key Improvement Strategy 2.c</b> Evidence-based high-impact teaching strategies	Strengthen the effective use of feedback across the school community
<b>Goal 3</b>	Improve pathways and transition outcomes for all students

<b>Target 3.1</b>	<ul style="list-style-type: none"> <li>• By 2023, increase the percentage of positive responses in the Attitudes to School Survey for all students in “Student Transitions” from 60% (2019) to 75%.</li> </ul>
<b>Target 3.2</b>	<ul style="list-style-type: none"> <li>• By 2023, increase the median VCE student score from 24 (2018) to 28.</li> </ul>
<b>Target 3.3</b>	<ul style="list-style-type: none"> <li>• Increase the percentage of Year 9 students who have enrolled in the school post-Year 7, achieving at or above Benchmark Growth from 58% (2019) to 70%.</li> </ul>
<b>Key Improvement Strategy 3.a</b> Intellectual engagement and self-awareness	Build student capabilities to know self as a learner and their potential pathways
<b>Key Improvement Strategy 3.b</b> Building communities	Improve student transition in, through and out of the school community
<b>Key Improvement Strategy 3.c</b> Building communities	Strengthen community partnerships

Key Improvement Strategies		Is this KIS selected for focus this year?
<b>KIS 1</b> Building practice excellence	Build consistency in high-quality teaching practice	Yes
<b>KIS 2</b> Evaluating impact on learning	Strengthen staff capabilities to effectively use data for continuous improvement	No
<b>KIS 3</b> Instructional and shared leadership	Build school-wide collective responsibility for improved student outcomes	No
Explain why the school has selected this KIS as a focus for this year. Please make reference to the self-evaluation, relevant school data, the progress against School Strategic Plan (SSP) goals, targets, and the diagnosis of issues requiring particular attention.	<p>While significant progress has been made in the last 3 years in developing and implementing the Design for Learning (agreed pedagogical approach), further work is required to ensure it is enacted with integrity in every classroom and that there is a shared definition of what "high quality" practice looks like in action across the school. The Self Evaluation process during our Review in Term 2 and observations during Panel days, indicated that although there were examples of excellent teaching and learning in every House, this was inconsistent. After conversations with staff across the school, the Reviewer also highlighted the variability in understanding of leaders and teachers, of what key elements of the model looked like in practice.</p> <p>The continued low number of positive responses in School Climate data (Collective Efficacy and Viable Curriculum) indicates the logical next steps, are to support teaching and senior subject teams to differentiate the learning sequences by using data to target the needs of each learner. This will be supported by the further expansion and refinement of the Professional Learning suite which will personalize and differentiate the learning opportunities for teachers and provide them with regular feedback on their teaching as well as the opportunity to observe their peers.</p> <p>Also critical is the need to ensure greater clarity for all staff of the school's strategic direction, provide clear links between identified initiatives and how they impact an individual's practice in the classroom and clearly define each staff member's contribution to whole school improvement.</p> <p>Therefore we will focus in 2020 on the following two elements of this KIS:            *Further embed the Design for Learning (instructional model) to ensure a viable curriculum and consistent "high quality" teaching practice" across the school.            *Expand the school's Professional Learning suite to include a focus on both general and content pedagogy for all teachers.</p>	
<b>Goal 2</b>	Improve pathways and transition outcomes for all students	

<b>12 Month Target 2.1</b>	Increase the percentage of positive responses in the Attitudes to School Survey for all students in "Student Transitions" from 60% to 70%.
<b>12 Month Target 2.2</b>	Increase the median VCE study score from 24 to 27.
<b>12 Month Target 2.3</b>	Increase the percentage of Year 9 students who have enrolled in the school post-Year 7, achieving at or above Benchmark Growth from 58% to 60%.
<b>Key Improvement Strategies</b>	Is this KIS selected for focus this year?
<b>KIS 1</b> Intellectual engagement and self-awareness	Build student capabilities to know self as a learner and their potential pathways No
<b>KIS 2</b> Building communities	Improve student transition in, through and out of the school community Yes
<b>KIS 3</b> Building communities	Strengthen community partnerships No
Explain why the school has selected this KIS as a focus for this year. Please make reference to the self-evaluation, relevant school data, the progress against School Strategic Plan (SSP) goals, targets, and the diagnosis of issues requiring particular attention.	<p>In 2019, the school began to implement a Senior Studies Improvement strategy, based on an extensive review of our Year 12 performance over the last 3 years. As a result, there has been an increase this year in both VCAL completion rates and the mean VCE study score. However, there is still significant work to do to ensure every student has a viable pathway. Building on our initial success is critical and further reduction in the number of students achieving an ATAR below 40 as well as expanding our VCAL provision is a priority. The school needs to further promote a culture of excellence and build self efficacy for our senior students and their teachers. In addition, the changes to DET age exemption processes and reduction of Year 10 "Connect" , will require the school to re vision senior programs to meet the needs of our first phase language learners. Our initial steps in 2020, will be to engage in a SIP (School Improvement Partnership) with Narre Warren P - 12 and continue to implement structural initiatives outlined in our original strategy. These will include:</p> <ul style="list-style-type: none"> <li>*Refining Pathways/Transitions processes.</li> <li>*Transform Head Start into the Smart Start program.</li> <li>*Develop a formal approach to teaching study skills in Years 10-12.</li> <li>*Review assessment practices and further embed the feedback cycle across the school.</li> </ul> <p>An additional area of focus within this KIS will be to expand our attendance improvement strategy to focus on increasing</p>

	<p>student engagement. The re-development of the role of Student Engagement Coordinator and the introduction of a whole-school approach to Positive Education will build greater connection to school, self-efficacy and volition in all students.</p>

## Define Actions, Outcomes and Activities

<b>Goal 1</b>	Improve learning growth and achievement for all students
<b>12 Month Target 1.1</b>	<p>Increase the percentage of students in Year 9 achieving at or above benchmark growth in Reading from 78% to 82%, Writing from 69% to 72% and Numeracy from 71% to 73%.</p> <p>Increase the percentage of students in Year 9 achieving in the top two bands for Reading from 9% to 12%, Writing from 4% to 10% and Numeracy from 10% to 15%.</p> <p>Decrease the percentage of students in Year 9 achieving in the the bottom 2 bands for Reading from 40% to 30%, Writing from 63% to 50% and Numeracy from 36% to 25%.</p>
<b>12 Month Target 1.2</b>	Increase the median VCE study score from 24 to 27.
<b>12 Month Target 1.3</b>	<p>Increase the participation rate of staff responding to the School Climate survey from 63% to 75%.</p> <p>Increase the percentage of positive responses in the School Climate survey in “Collective Efficacy”, from 41% to 60% and in “Guaranteed and Viable Curriculum”, from 39% to 60%.</p>
<b>KIS 1</b> Building practice excellence	Build consistency in high-quality teaching practice
<b>Actions</b>	<p>Increase the consistency of high-quality teaching practice across the school by:</p> <ul style="list-style-type: none"> <li>• Further embedding the Design for Learning to ensure a viable curriculum and consistent “high quality” teaching practice across the school.</li> <li>• Expanding the school’s Professional Learning suite to include a focus on both general and content pedagogy for all teachers.</li> </ul>
<b>Outcomes</b>	<p>There is greater clarity among staff of the school's strategic intent and how that translates to improving practice in the classroom. Teachers can clearly articulate a shared definition of what high-quality teaching looks like in action. In addition leadership observations obtained though Learning Walks demonstrate a more consistent implementation of the Design for Learning in every classroom. Teachers use team planning sessions more effectively to collaborate, prepare for and moderate student learning and receive regular feedback on their practice. All teachers are using Atlas with their teaching teams in planning time, to design differentiated learning activities and experiences that target individual student need.</p>

	<p>The expansion of the Professional Learning suite has not only provided personalized learning experiences for teachers to improve their practice, it has also provided greater cohesion within each Domain as to how key improvement initiatives translate to their practice in the classroom. The impact of the PDP process has increased with teachers demonstrating greater accountability for how the goals they set translate to action and contribute to school improvement.</p>			
<p><b>Success Indicators</b></p>	<ul style="list-style-type: none"> <li>• All teachers will have access to high-quality Learning Sequences through 'Rubicon Atlas'.</li> <li>• Greater alignment of individual teacher PDP goals to the school's strategic intent.</li> <li>• Observational data collected from Leadership Learning Walks demonstrates greater consistency of the implementation of the Learning Sequences and Phases of the Lesson across the school.</li> <li>• Teachers are making greater use of learning data to inform their practice through the Data Dashboard and there is an increase in the alignment between teacher judgement and high-stakes data.</li> <li>• There is an increase in positive responses in the Staff Opinion survey in Guaranteed and Viable Curriculum and Collective Efficacy.</li> <li>• Improved learning outcomes for students.</li> </ul>			
<p><b>Activities and Milestones</b></p>	<p><b>Who</b></p>	<p><b>Is this a PL Priority</b></p>	<p><b>When</b></p>	<p><b>Budget</b></p>
<ul style="list-style-type: none"> <li>• Design and revise all learning sequences to ensure consistency in their quality and that the General Capabilities, Literacy improvement strategies and a targeted approach for EAL learners are fully embedded.</li> </ul>	<ul style="list-style-type: none"> <li><input checked="" type="checkbox"/> Assistant Principal</li> <li><input checked="" type="checkbox"/> KLA Leader</li> </ul>	<ul style="list-style-type: none"> <li><input checked="" type="checkbox"/> PLP Priority</li> </ul>	<p>from: Term 1 to: Term 4</p>	<p>\$210,000.00</p> <ul style="list-style-type: none"> <li><input checked="" type="checkbox"/> Equity funding will be used</li> </ul>
<ul style="list-style-type: none"> <li>• Expand the Learning Interventions strategy across the school, through the implementation of Phase 3 of the Literacy Improvement Strategy. <b>Goal 2</b>	Improve pathways and transition outcomes for all students			
<b>12 Month Target 2.1</b>	Increase the percentage of positive responses in the Attitudes to School Survey for all students in "Student Transitions" from 60% to 70%.			
<b>12 Month Target 2.2</b>	Increase the median VCE study score from 24 to 27.			
<b>12 Month Target 2.3</b>	Increase the percentage of Year 9 students who have enrolled in the school post-Year 7, achieving at or above Benchmark Growth from 58% to 60%.			
<b>KIS 1</b> Building communities	Improve student transition in, through and out of the school community			

<b>Actions</b>	<p>Improve student transition into, through and out of the school community through:</p> <ul style="list-style-type: none"> <li>• Continuing to implement and further develop a strategic approach to Senior Studies improvement.</li> <li>• Developing a whole-school approach to Positive Education.</li> </ul>			
<b>Outcomes</b>	<p>The existing community perception that VCE is the only desirable pathway for all senior students has been challenged through re-framing careers conversations to focus on destinations. There is greater flexibility for students to move between VCE, VCAL and VET dependant on the students' progress and their identified destination. Students feel greater empowerment in their future learning choices and their ability to influence their own success. Within the Senior Studies culture, there is further emphasis on high-expectations and increased efficacy for staff and students. The partnership with Narre Warren P-12 has been successful in supporting us to re-evaluate the possibilities in improving student learning in the senior years.</p> <p>Observations of classroom practice in VCE and VCAL demonstrate greater agency for students in their learning and are less teacher directed and content-based in approach. The feedback cycle is fully embedded and students and teachers have regular conversations about learning progress. Teachers effectively use learning data to differentiate their program and the feedback received from students to reflect their practice.</p> <p>The introduction of the Student Engagement Coordinators into each House has ensured the continued improvement in student attendance. In addition, teachers are demonstrating increased responsibility for managing behaviours, expectations and norms in the classroom. Observations of Learning Walks highlight greater consistent in expectations for students in their learning across each House.
