DET employees, visitors, students, volunteer workers and contractors are required to take reasonable care for their own and others' health and safety and will co-operate with DET in adhering to health and safety requirements including following DET policies, procedures or instructions and participating in consultation and training.

Dandenong High School is committed to providing employees, students, contractors and visitors with a healthy and safe environment.

Dandenong High School will so far as is reasonably practicable take action to improve and promote health, safety and wellbeing and prevent workplace injuries and illnesses at workplaces.

Dandenong High School is committed to:

- Preventing accident, injury, illness and disease in the workplace
- Consulting and cooperating with employees on health, safety and wellbeing issues directly as well as through their Health and Safety Representatives [HSRs] and employee representative organisations on OHS issues affecting them
- Achieving continuous improvement through the monitoring and review of measurable targets and objectives and improvement of health and safety management systems and initiatives
- Complying with all relevant health and safety legislation
- Allocating adequate resources to maintain healthy, safe and supportive workplaces
- To ensure that appropriate standards of workplace safety are maintained at all times
- To raise the profile of Occupational Health and Safety issued within the school
- To provide guidelines for the implementation of the Occupational Health and Safety Act 1985
- To create a team approach to health and safety issues

Dandenong High School will meet its commitment to Health & Safety by:

- Providing appropriate information and training for principals and staff to enable them to perform their OHS roles and responsibilities
- Holding all levels of management accountable for the health and safety of employees under their management
- Consistently applying OHS procedures, practices and other relevant policies in accordance with statutory requirements and accepted health and safety standards
- Reporting, recording and investigating accidents and incidents and acting to prevent re-occurrence
- Reducing health, safety and wellbeing risks through a documented process of hazard identification, selection, implementation and review of risk controls
- Monitoring, reviewing and improving health, safety and wellbeing management systems
